*Please bring your UGA ID and insurance information.*

For those age 65 and up: Regular Strength Flu Vaccine will be available onsite. The CDC now recommends a higher dose or adjuvanted vaccine over the standard dose vaccine for patients 65 and up. Due to limited supply, this vaccine type will only be available at the #flUGA event on 10/5 or at the UHC Travel Clinic.

Please note, we are unable to process claims for Kaiser Permanente (KP) for these events. Faculty and Staff with KP will need to pay out-of-pocket (\$50) or visit a KP facility for the flu vaccine. Students with KP will be covered by UGA with no out-of-pocket cost at the October 5 #flUGA event only.
