

Good Faith Estimate: Vaccines and Travel Consultation Visits

Under the current law, patients who are uninsured or not using insurance have a right to receive a “Good Faith Estimate” if they schedule their appointment at least three business days in advance. Below are the estimated costs for this type of appointment. This list does not include laboratory fees, diagnostic imaging, or prescription costs. For a detailed list of laboratory work or diagnostic imaging costs, please ask at your visit.

Office Visit: New Patient: \$90-\$125; Established Patient \$50-\$90
